## School Accountability Report Card

### Reported Using Data from the 2015-16 School Year

### Published During 2016-17

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### School Description and Mission Statement (School Year 2016-17)

Chinese Camp School joined the Jamestown School District in July 2009. Every effort was made to keep this quaint, family-oriented school operational to serve the community's children. In the 2015-16 the school curriculum was changed to focus on project-based science and the use of the Red Hills Habitat to engage students in group and individual projects to discover and explore science, technology, engineering, and math in a collaborative project-based environment. The school is known for its rich science curriculum in a closely knit community.

#### District Mission Statement

Jamestown School District offers a healthy, safe, enriching, learning environment to help each child grow and achieve.

#### Community & School Profile

Jamestown School District was established in 1855. Chinese Camp School joined the District in July 2009 when the Jamestown and Chinese Camp School Districts merged. The school is considered a small, necessary school because of its small size and rural location. It is situated in the Red Hills Habitat. It provides high quality learning experiences focused on science in a multi-grade setting.

### Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2016-17)

Year and month in which data were collected: June 8, 2016

Jamestown School District held a Public Hearing on 10-12-16 and determined that each school within the district has sufficient and good quality textbooks or instructional materials pursuant to the settlement of Williams vs. the State of California.

All students, including English Learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects of math, English Language Arts, science, and history/social science, for use in the classroom and to take home. Textbooks in all subject areas are aligned with the California State Content Standards and Frameworks and are selected from the state's most recent list of standards-based materials. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. The table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

### School Facility Conditions and Planned Improvements (Most Recent Year)

Chinese Camp School has two classrooms, a multipurpose room, and a library/office. The facility strongly supports teaching and learning through its ample classroom and recreational space. The most recent facilities inspection was completed on 10/26/16.

Custodial staff ensure that classrooms, restrooms, the multipurpose room, and campus grounds are kept clean and safe. Classrooms are cleaned on a daily basis. Twenty minutes of custodial time per room allows for trash removal, vacuuming, and a light cleaning of boards. More thorough cleaning takes place during the summer.

District maintenance staff ensures that the repairs necessary to keep the school in good repair and work orders are completed in a timely manner. The Maintenance and Operations Manager assigns tasks to the crew according to established priorities. The school's campus is inspected regularly and school maintenance workers repair any unsafe conditions. Reports are presented to the Board of Trustees and maintained in the school district office for review.

Deferred maintenance projects scheduled for this school for the 2015-16 school year included replacing white boards in classrooms. The district's complete deferred maintenance plan is available at the district office.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

### CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2014-15	2015-16	2014-15	2015-16	2014-15	2015-16
English Language Arts/Literacy	29	35	25	33	44	48
Mathematics	35	31	21	21	34	36

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

### CAASPP Test Results in ELA by Student Group

#### Grades Three through Eight and Grade Eleven (School Year 2015-16)

Student Group	Grade	Number of Students		Percent of Students	
		Enrolled	Tested	Tested	Standard Met or Exceeded
All Students	5	12	12	100.0	33.3

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Mathematics by Student Group  
Grades Three through Eight and Grade Eleven (School Year 2015-16)**

Student Group	Grade	Number of Students		Percent of Students	
		Enrolled	Tested	Tested	Standard Met or Exceeded
All Students	5	12	12	100.0	41.7

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Science (grades 5, 8, and 10)	--	--	73	58	43	63	60	56	54

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

**CAASPP Test Results in Science by Student Group  
Grades Five, Eight, and Ten (School Year 2015-16)**

Student Group	Total Enrollment	# of Students with Valid Scores	% of Students with Valid Scores	% of Students Proficient or Advanced
All Students	12	11	91.7	72.7

Note: Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

**State Priority: Other Pupil Outcomes**

The SARC provides the following information relevant to the Other Pupil Outcomes State Priority (Priority 8):

- Pupil outcomes in the subject areas of physical education.

**California Physical Fitness Test Results (School Year 2015-16)**

Grade Level	Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards
5	18.2	36.4	45.5

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

#### Opportunities for Parental Involvement (School Year 2016-17)

Parents are an important part of Chinese Camp School. The small size of the school means that most parents know one another. They contribute ideas, participate in special activities, and help with field trips. Parents volunteer for special events, represent Chinese Camp on the Site Council and communicate frequently with teachers through personal contact and email. Every special occasion or event at Chinese Camp School fills the house with parents, families, and community members.

A number of community members also help at Chinese Camp School. The school garden benefits from the assistance of Tuolumne County's Master Gardeners. The school is fortunate to have two retired scientists who share their knowledge of and passion for science with the children through the TOPS program. Students have also benefited from experiences provided by the Tuolumne River Trust and the Audobon Society.

### State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

#### School Safety Plan (School Year 2016-17)

Jamestown School District Comprehensive District Safety Plan addresses disaster procedures, safe ingress and egress, and overall safety of the school campus. Appropriate maps showing evacuation routes and collection sites are included. The plan also contains school policies on child abuse reporting, teacher notification procedures, sexual harassment procedures, dress code, and school rules. The plan was last updated and approved by the Board in November 2016 and is reviewed annually. Chinese Camp School also has a Emergency Procedures Plan which contains disaster procedures for specific emergencies. It was updated in November 2016.
