

# **School Plan for Student Achievement (SPSA) Template**

The School Plan for Student Achievement (SPSA) is meant to consolidate all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), pursuant to the California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA).

The purpose of the SPSA is to increase the overall effectiveness of the school program by crafting a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement.

The School Site Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications in the plan to reflect changing needs and priorities, as applicable, pursuant to EC 52853(b) and 52855.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. The SPSA provides schools with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement.

# Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

#### Involvement Process for the SPSA and Annual Review and Update

Stakeholder involvement is ongoing throughout the year as our plan is directly tied to our LCAP plan. We have regular progress updates and meetings with all stakeholders (e.g. Parents, school site council, teachers, classified staff, management, bargaining units, and school leadership team). In order to seek feedback and input. The final review of the SPSA was reviewed by the school leadership team on December 7, 2021, the SSC on January 3, 2022 and brought to the Board for approval on January 7, 2022.

#### Stakeholder Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. As such, the SPSA should be shared with, and schools should request input from, school site-level advisory groups, as applicable (e.g., English Learner Advisory Councils, student advisory groups, etc.).

Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update. Goals, Strategies, & Proposed Expenditures

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

#### Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve? A school may number the goals using the "Goal #" for ease of reference.

### **Basis for this Goal**

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, and may include any data voluntarily developed by districts to measure pupil achievement.

### **Expected Annual Measurable Outcomes**

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to be make in the coming year.

### **Planned Strategies/Activities**

Describe the strategies and activities being provided to meet the described goal. Strategies and activities that are implemented to achieve the identified goal may be grouped together. A school may number the strategy/activity using the "Strategy/Activity #" for ease of reference.

A school receiving funds allocated through the ConApp is required to describe in their strategies and activities how they will address specific state and federal requirements. A list of these requirements may be found in Appendix A: Plan Requirements for Schools Funded Through the ConApp. At a minimum a school receiving funds allocated through the ConApp must address these requirements; however, a school may describe additional strategies/activities as well.

### Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating "All Students" or listing one or more specific student group(s) to be served.

### Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list and describe the proposed expenditures for the school year to implement these strategies/activities, including where those expenditures can be found in the school's budget. The school should reference all fund sources for each proposed expenditure and should provide budget references as an object code or an object code description.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA.

### **Annual Review and Update**

The planned goals, expected outcomes, planned strategies/activities, and proposed expenditures must be copied verbatim from the previous year's approved SPSA. Minor typographical errors may be corrected. Annual Measurable Outcomes

For each goal in the prior year, provide the metric/indicators, the expected outcomes, and the actual outcomes; review the actual outcomes as compared to the expected outcomes identified in the prior year for the goal. Strategies/Activities

Identify the planned strategies/activities and the proposed expenditures to implement these strategies/activities toward achieving the described goal, then identify the actual strategies/activities implemented to meet the described goal and the estimated actual expenditures to implement the strategies/activities. As applicable, identify any changes to the student groups served.

### Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the strategies/activities to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.
- Explain any material differences between Proposed Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes that will be made to the goal, expected annual measureable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

### **Budget Summary and Consolidation**

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp. The Consolidation of Funds is required for a school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program.

### **Budget Summary**

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school may include additional information or more detail.

## **Consolidation of Funds**

A school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program is required to include a list of state and local programs and other federal programs that the school will consolidate in the schoolwide program. A list of commonly consolidated state and federal programs is provided in Appendix B: Select State and Federal Programs. List the federal funding source(s) and the amount(s) being consolidated in the schoolwide program, then list the state and/or local funding source(s) and the amount(s). Adjust the table as needed.

## Appendix A: Plan Requirements for Schools Funded Through the ConApp

### **Basic Plan Requirements**

A school receiving funds allocated through the ConApp is required to develop a SPSA. The content of a SPSA must be aligned with school goals for improving student achievement. School goals must be based upon an analysis of verifiable state data and may include any data voluntarily developed by districts to measure student achievement.

The SSC is required to develop the SPSA, which must address each of the following, as applicable:

- 1. A description of curricula, instructional strategies and materials responsive to the individual needs and learning styles of each student (described in the Strategies/Activities).
- 2. A description of instructional and auxiliary services to meet the special needs of non-English-speaking or limited-English-speaking students, including instruction in a language these students understand; educationally disadvantaged students; gifted and talented students; and students with exceptional needs (described in the Strategies/Activities).
- 3. A description of a staff development program for teachers, other school personnel, paraprofessionals, and volunteers, including those participating in special programs (described in the Strategies/Activities).
- 4. An identification of the schools' means of evaluating progress toward accomplishing its goals (described in the Expected Annual Measurable Outcomes) and an ongoing evaluation of the educational program of the school (described in the Annual Review and Update).
- 5. A description of how funds provided to the school through the ConApp will be used to improve the academic performance of all pupils to the level of state performance goals (described in the Proposed Expenditures for Strategies/Activities).
- 6. The proposed expenditures of funds available to the school through the programs described in EC Section 52851. For purposes of this subdivision, proposed expenditures of funds available to the school must include, but not be limited to, salaries and staff benefits for persons providing services for those programs (described in the Proposed Expenditures for Strategies/Activities).
- 7. The proposed expenditure of funds available to the school through the federal Improving America's Schools Act of 1994 and its amendments. If the school operates a state-approved schoolwide program in a manner consistent with the expenditure of funds available to the school pursuant to EC Section 52851, employees of the schoolwide program may be deemed funded by a single cost objective.
- 8. A description of how state and federal law governing programs identified in EC Section 64000 will be implemented, as applicable (described in the Strategies/Activities).
- 9. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC.

Authority cited: EC sections 64001(f)-(g) and 52853(a)(1)-(7).

# **Schoolwide Program Requirements**
