IPM Statement

It is the goal of Jamestown District to implement IPM by focusing on long-term prevention or suppression of pests through accurate pest identification, by frequent monitoring for pest presence, by applying appropriate action levels, and by making the habitat less conducive to pests using sanitation and mechanical and physical controls. Pesticides that are effective will be used in a manner that minimizes risks to people, property, and the environment, and only after other options have been shown ineffective.

Our Pest Management Objectives are to:

- Elimination of significant threats caused by pests to the health and safety of students, staff and the public.
- Prevention of loss or damage to structures or property by pests.
- Protection of environmental quality inside and outside buildings, in playgrounds and athletic areas, and throughout the Jamestown School District facilities.

IPM Team

In addition to the IPM Coordinator, other individuals who are involved in purchasing, making IPM decisions, applying pesticides, and complying with the Healthy Schools Act requirements, include:

Name	Role
Jim Kasper	Applying Pesticides, Recordkeeping
Wade Ochs	Applying Pesticides, Recordkeeping, and Making IPM Decisions

Pest Management Contracting

Pest management services are contracted to a licensed pest control business.

Pest Control Business name(s): Foothill Sierra Pest Control

Prior to entering into a contract, Jamestown District has confirmed that the pest control business understands the training requirement and other requirements of the Healthy Schools Act.

Jamestown School District INTEGRATED PEST MANAGEMENT PLAN

Pest Identification, Monitoring and Inspection

Pest identification is done by: Wade Ochs, Director of Maintenance, Operations and Transportation.

Monitoring and inspecting for pests and conditions that lead to pest problems are done regularly by the Custodians and Groundskeepers. The results are communicated to the IPM Coordinator.

Specific information about monitoring and inspecting for pests, such as locations, times, or techniques include:

- Monitoring for vertebrate pest debris by custodians in all work areas.
- Utilizing sticky monitoring boards for vertebrate and non-vertebrate pest activity. These are checked by custodians and results communicated to the IPM Coordinator.
- Monitoring of gopher and other vertebrate mounds in playgrounds, athletic fields, and other landscaped areas. These results are communicated to the IPM Coordinator.
- Monitoring buildings for wasp and hornet activity by the site custodians. Any activity is reported to the IPM Coordinator.

Pests and Non-Chemical Management Practices

Jamestown School District has identified the following pests and routinely uses the following non-chemical practices to prevent pests from reaching the action level:

Pest	Remove food	Fix leaks	Seal cracks	Install barriers	Physical removal	Traps	Manage irrigation	Other
Ants	X	X	X			X		
Wasps and Hornets	X		X			X		
Other Insects	X	X	X					
Weeds	X	X			X	X	X	
Gophers	X			X	X	X	X	
Rats and Mice	X			X	X	X	X	

**Jamestown School District
INTEGRATED PEST MANAGEMENT PLAN**

Chemical Pest Management Practices

If non-chemical methods are ineffective, Jamestown School District will consider pesticides only after careful monitoring indicates that they are needed according to pre-established action levels and will use pesticides that pose the least possible hazard and are effective in a manner that minimizes risks to people, property and the environment.

Jamestown School District expects the following pesticides (pesticide products and active ingredients to be applied during the year. (This list includes pesticides that may be applied by Jamestown School District staff or licensed pest control businesses.):

Pesticide Name	US EPA ID Number	Active Inredient
Dluron 80 DF	81927-12	Diuron: 3-(3,4-dichlorophenyl)-1,1-dimethylurea
Oryzalin 4	81927-46	Oryzalin: 3,5-dinitro-N-N-diproovlsulfanitamide
Quali-Pro	66222-176	Isopropylamine salt of glvohosate
Terro Ant Bait	149-8	Sodium tetraborate
Roundup Power Max	524-529	Glyphosate
Roundup Pro	524-475	Glvohosate
Sureguard	59639-120	Flumioxazin
Venue	71711-25	Pyraflufen-ethyl: Acetic Acid, [2-chloro-5- (difluoromethoxy)-1-methyl-1H-pyrazol-3-yl]- 4-fluorophenoxy]-,ethyl ester
Bifen	53883-118	Bifenthrin
Microcare	499-516	Pvrethrin
Payload	59639-120-2A	Flumioxazin
Dimension	7001-375	Dithioovr

Healthy Schools Act

Jamestown School District complies with the notification, posting, recordkeeping, and all other requirements of the Healthy Schools Act. (Education Code Sections 17608-17613, 48980.3; Food & Agricultural Code Sections 13180-13188)

Training

Every year, Jamestown School District employees who make pesticide applications receive the following training prior to pesticide use: Pesticide specific safety training (Title 3 California Code of Regulations 6724) and School IPM training course approved by the Department of Pesticide Regulation (Education Code Section 16714; Food & Agricultural Code Section 13186.5) and located at: <http://apps.cdpr.ca.gov/schoolipm/training/main.cfm> .
