Comprehensive Safety Plan Purpose & Compliance

The California Education Code (sections 32280-32288) outlines the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school.

In 2004, the Legislature and Governor recast and renumbered the Comprehensive School Safety Plan provisions in SB 719 and AB 115. It is the intent of the Legislature in enacting the provisions to support California public schools as they develop their mandated comprehensive safety plans that are the results of a systematic planning process, that include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses.

The historical requirement of the Comprehensive School Safety Plan was presented in Senate Bill 187, which was approved by the Governor and chaptered in 1997. This legislation contained a sunset clause that stated that this legislation would remain in effect only until January 1, 2000. Senate Bill 334 was approved and chaptered in 1999 and perpetuated this legislation under the requirement of the initial legislation.

Comprehensive School Safety Plans must include the following elements:

- Assessment of school crime committed on school campuses and at school-related functions
- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Discrimination and harassment policies
- School wide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline
- Hate crime reporting procedures

The Comprehensive School Safety Plan will be reviewed, updated, and posted by March of each year. In November of every year, the District will report on the status of its school safety plan including a description of its key elements in the annual accountability report card.

Small School districts (with an enrollment of 2,500 students or less) may develop a comprehensive district safety plan to encompass all schools within the district, which would fulfill each individual school's comprehensive safety plan requirement. It is not required that small school districts have their safety plans developed or approved by site councils or designated safety committees; the plans must only be approved by the district board of trustees. However, a district plan should be developed in cooperation with local law enforcement agencies, community leaders, parents, pupils, teachers, administrators, and others who may be interested in the prevention of campus crime and violence.

As defined in Board Policy 0450, the Governing Board recognizes that students and staff have the right to a safe and secure campus where they are free from physical and psychological harm. The Board is fully committed to maximizing school safety and creating a positive learning environment that teaches strategies for violence prevention and emphasizes high expectations for student conduct, responsible behavior, and respect for others.

The Board shall review the comprehensive district wide and/or school safety plan(s) in order to ensure compliance with state law, Board policy and administrative regulation. Approval of the plan shall occur at a regularly scheduled meeting.

A copy of the comprehensive district safety plan shall be available for review at the Jamestown School District office, and is available on our District website.

Declaration regarding board policy and administrative regulation references:

Except when specifically quoted, the Board Policies and Administrative Regulations included in this safety plan are for reference only and may include only a summarized version of the official policy language. To review these policies and regulations in their entirety, please see the district office during regular business hours.

Safety Plan Vision

To support the vision, mission and core values of the Jamestown School District, we strive for a safe, respectful and nurturing learning environment where students are empowered to achieve through strong connectedness to their school and community.

Working together with our community partners, we will provide a safe campus environment by effectively identifying and addressing issues that deteriorate our schools' social and physical climate.

Components of the Comprehensive School Safety Plan

Assessment of School Safety

Education Code, Section 32282 (a)

The 2021-2022 California Healthy Kids Survey, conducted among district 5th and 7th graders showed 52% of the students reported feeling safe or very safe at school which is a 20% decrease from last year. The same survey also showed that 55% of the students reported high levels of caring relationships with a teacher or other adult at their school which is a 15% decrease from the previous year. 45.5% of students surveyed have experienced or experiencing sadness/hopelessness which is a 30% increase. Each of these are key indicators of school safety.

A review of student discipline and school safety for the past school year is as follows: School suspension and expulsion data for the end of the 2021-2022 year showed that we had a 8% suspension rate which is a 7.92% increase, and continued a 0% expulsion rate for the school year. The District continues to identify and implement specific protocols and procedures to increase the level of safety and security on both campuses. Jamestown School continues the employment of a canine detection company that conducts random visitations in which the dogs alert to any detection of drugs, alcohol, and/or gunpowder and has been very successful in deterring illegal substance possession. In addition, the use of an updated security system at Jamestown Elementary with clearer imaging and greater coverage has been very beneficial in both deterring and identifying safety concerns. Overall disciplinary referrals remained at a similar rate of 6%, however there was a significant increase of students requiring counseling support and identified as Tier III At Risk. In 2021-2022 170 students received counseling support and 30 % of the student population were considered Tier III. Continued support in regulation and positive behavior support was a priority along with increasing wrap around service support for students and families. The District continues to employ a Behavior and Attendance Support Assistant as well as two on-site school counselors, to assist with building positive relationships, fostering connectedness, facilitating peer mediation, the teaching of social skills curriculum, supporting the implementation of MTSS and Trauma Informed practices along with reducing chronic absenteeism rates. Bullying prevention education and presentations are given to all grade levels on a regular six-week rotation. Outside agencies are contracted to provide age-appropriate sexual harassment and suicide prevention education and training to students. A site assessment of both campuses found facilities to be in good repair for the 2021-2022 school year, with a FIT score of 96.33% at JES and 95.53% at Chinese Camp. Administration will continue to regularly review and hold practice safety drills including lockdown procedures on both campuses within the guidelines of health and safety protocols, and will provide all employees with the necessary mandatory safety trainings. In response to COVID-19, and other possible health and safety areas, the District continues to provide sufficient Personal Protective Equipment, monitor and maintain ventilation with the use of MERV-13 filters and classroom air purifiers. The District has developed a COVID Prevention Program Plan and a COVID Safety Plan that is in compliance with the American Rescue Plan that are located on our district website and follows all requirements as directed by CDPH and CalOSHA.

Campus Safety Strategies and Programs

Education Code 32282 (a) 2 (A)-(J)

As written in Board Policy 5142, The Governing Board recognizes the importance of providing a safe school environment that is conducive to learning and helps ensure student safety and the prevention of student injury. The Superintendent or designee shall implement appropriate practices to minimize the risk of harm to students, including, but not limited to, practices relative to school facilities and equipment, the outdoor environment, educational programs, and school-sponsored activities.

School staff members are to inform school administration immediately when the knowledge or substantiated suspicion of child abuse was attained. The following notification procedures shall be carried out in coordination with the district counselor to allow for additional assessment and counseling of the students.

This district follows the recommended “drop, cover and hold on” procedures for earthquake response. The plans also align with standards established by NIMS and SEMS and call for response actions to be coordinated using ICS. Additional details on the implementation of these plans, including roles and responsibilities for school personnel and references, are not included as part of this public document.

(ii) Use of School Buildings for Emergency Shelters

The Board shall grant the use of school buildings, grounds, and equipment to public agencies, including the American Red Cross, for mass care and welfare shelters during disasters or other emergencies affecting the public health and welfare. The Board shall cooperate with such agencies in furnishing and maintaining whatever services they deem necessary to meet community needs.

(C) School Suspension, Expulsion and Mandatory Expulsion Guidelines

Additional code reference: Education Code 48900, 48915 (d) and (c)

As stated in Board Policy 5144, the Governing Board desires to prepare students for responsible citizenship by fostering self-discipline and the acceptance of personal responsibility. The Board believes that high expectations for student behavior, effective classroom management and parent involvement can minimize the need for discipline. This policy also states that staff shall use preventative measure and positive conflict resolution techniques whenever possible.

Through Board Policy 5144.1, the Governing Board has established policies and standards of behavior in order to promote learning and protect the safety and well-being of all students. When these policies and standards are violated, it may be necessary to suspend or expel a student from regular classroom instruction. Except where suspension for a first offense is warranted in accordance with law, suspension shall be imposed only when other means of correction fail to bring about proper conduct.

The policy also describes the guidelines for suspension and expulsion in accordance with state and federal law, Student Due Process, Supervised Suspension, Required Parental Attendance, Authority to Expel, Mandatory and Recommended Expulsion, Stipulated Expulsion, and the Decision to Not Enforce Expulsion Order available to the School Board.

For specific guidelines for suspension and expulsion of students, including behavior that may result in suspension or expulsion on the first offense, please refer to student parent handbook distributed at the start of each school year. Current versions will be available for review alongside this comprehensive safety plan in the district office.

(D) Procedure to Notify Teachers of Dangerous Pupils

Additional code reference: Education Code 49079

As described in Board Policy 4158: the Superintendent or designee shall ensure that employees are informed, in accordance with law, regarding crimes and offenses by students who may pose a danger in the classroom.

When any individual directs violence against an employee and the employee so notifies the Superintendent or designee, the Superintendent or designee shall take steps to ensure that appropriate legal measures are instituted. When the employee notifies the Superintendent or designee of a threat of bodily harm, the district shall take appropriate measures to enable the employee to request assistance if a threat occurs on school grounds.

The Superintendent or designee shall ensure that employees are trained in crisis prevention and intervention techniques in order to protect themselves and students. Staff development may include training in classroom management, effective communication techniques and crisis resolution.

(E) Discrimination and Harassment Policies

Additional code reference: Education Code 200-262.4

A comprehensive prohibition of discrimination and harassment across all district programs and activities is identified in Board Policy 0410, which states that the Governing Board is committed to equal opportunity for all individuals in education. District programs and activities shall be free from discrimination based on gender, gender identity or expression, genetic information, sex, race, color, religion, ancestry, national origin, ethnic group identification, marital or parental status, physical or mental disability, sexual orientation or the perception of one or more of such characteristics. The Board shall promote programs that discriminatory practices are eliminated in all district activities.

Among the policies included in this comprehensive set of anti-discrimination and harassment policies are two that clearly define the expectations and procedures regarding occurrences of discrimination and sexual harassment:

Board Policy 5145.3 states that district programs and activities shall be free from discrimination, including harassment, intimidation, and bullying, with respect to a student's actual or perceived sex, gender, gender identify or expression, ethnic group identification, race, national origin, religion, color, physical or mental disability, age, ancestry, sexual orientation, marital or parental status, or association with a person or group in the above categories.

The Governing Board shall ensure equal opportunities for all students in admission and access to the educational program, guidance and counseling programs, athletic programs, testing procedures, and other activities. School staff and volunteers shall carefully guard against segregation, bias and stereotyping in instruction, guidance and supervision.

Students who harass other students shall be subject to appropriate discipline, up to and including counseling, suspension and/or expulsion. An employee who permits or engages in harassment may be subject to disciplinary action, up to and including dismissal.

As written, Board Policy 5145.7, the Governing Board is committed to maintaining an educational environment that is free of harassment. The Board prohibits sexual harassment of students by other students, employees or other persons, at school or at school-sponsored or school-related activities. The Board also prohibits retaliatory behavior or action against persons who complain, testify, assist or otherwise participate in the compliant process established pursuant to this policy and the administrative regulation.

The Superintendent or designee shall ensure that all district students receive age-appropriate instruction and information on sexual harassment. Such instructions and information shall include:

1. What acts and behavior constitute sexual harassment, including the fact that sexual harassment could occur between people of the same sex.
2. A clear message that students do not have to endure sexual harassment.
3. Encouragement to report observed instances of sexual harassment, even where the victim of the harassment has not complained.
4. Information about the district's procedure for investigating complaints and the person(s) to whom a report of sexual harassment should be made.

Any student in grades 4 through 12 who engages in sexual harassment of anyone at school or at a school-sponsored or school-related activity shall be subject to disciplinary action which may include suspension and/or expulsion, provided that in imposing such discipline the entire circumstances of the incident(s) shall be taken into account.

(F) School-wide Dress Code

Additional code reference: Education code 35183

As described in Board Policy 5132, the Governing Board expects that students will present themselves in an orderly manner conducive to the advancement of education. Their appearance should be neat and acceptable to the general society and appropriate to activities at school. The Board considers this to be a judgment area for the principal of each school and specific rules will be an administrative decision.

For specific detailed dress code requirements, please refer to the student and parent handbook that are distributed to all students at the start of each school year. Current versions will be available for review alongside the comprehensive safety plan in the district office.

(G) Procedure for Safe Ingress and Egress to and from School

Through a collection of Board Policies, Jamestown School District has established procedures to ensure the Safe Ingress and Egress of students, parents, and school employees to and from school. The list below shows applicable board policies and administrative regulations and how they contribute to this safety component:

- **BP 5142:** “To assist students in safely crossing streets adjacent to or near school sites, the Board may employ crossing guards and/or establish a safety patrol at any district school. The Superintendent or designee shall periodically examine traffic patterns within school attendance areas in order to identify locations where crossing assistance may be needed.”
- **AR 3543:** Provides a framework for school bus transportation safety plans and procedures including student and parent education, bus evacuation exercises, limitations on school bus operation in limited visibility conditions and expectations to school bus capacity limits in emergency situations where students must be moved immediately to ensure safety.
- **BP 5131:** Holds students accountable for conduct not only on campus but also on their way to and from school.
- **BP 5131.7:** Weapons; prohibition of any person other than authorized law enforcement or security personnel from possessing weapons, imitation firearms or dangerous instruments of any kind in school buildings, on school grounds or buses, or at school-related or school-sponsored activities away from school, or while going to or coming from school.

The school site will also identify emergency evacuation routes identifying locations where students may assemble in response to fire, earthquake, bomb threat or other similar hazards. A map showing emergency evacuation procedures for each campus is included in Appendix B.5: District /Campus Emergency Evacuation Plans

In addition to the safety measures defined above, student safety will also be ensured through the control of the ingress and egress of campus visitors as defined in Board Policy 1250:

To ensure the safety of students and staff and avoid potential disruptions, all visitors shall register immediately upon entering any school building or grounds when school is in session.

For purposes of school safety and security, the principal or designee will develop and ensure use of a visible means of identification for visitors while on school premises.

Board Policy 5131 identifies district-wide standards for students' conduct:

The Governing Board believes that all students have the right to be educated in a positive learning environment free from disruptions. Students shall be expected to exhibit appropriate conduct that does not infringe upon the rights of others or interfere with school programs while on school grounds, while going to or coming from school, while at school activities, and while on district transportation.

Conduct is considered appropriate when students are diligent in study, careful with school property, courteous, and respectful toward their teachers, other staff, other students, and volunteers.

Districts may regulate the possession or use of any cell phone, pager or electronic signaling device while pupils are on campus, while attending school-sponsored activities, or while under the supervision and control of school district employees. Appendix B.7: JSD Incident Command System

Standardized Emergency Management System/Incident Command System Overview

The California Standardized Emergency Management System (SEMS) uses the Incident Command System (ICS) to centralize and coordinate emergency response through the use of standardized terminology and processes. This greatly facilitates the flow of information and resources among the agencies participating in response to an emergency.

ICS consists of five functions:

Management: Principal-Incident Commander-Carrie Martin; Superintendent-Public Information Officer-Contessa Pelfrey

During an emergency, the Incident Commander directs response actions from a designated Command Post. To effectively do this, the Incident Commander must constantly assess the situation, and develop and implement appropriate strategies. The Incident Commander must be familiar with the available resources, accurately document all response actions, and effectively communicate response strategies to others participating in the response.

Planning & Intelligence: District Administrative Assistant-Ericka Gregston

Planning and Intelligence involves the use of various methods to efficiently gather information, weigh and document the information for significance, and actively assess the status of the emergency. This understanding and knowledge about the situation at hand is vital to the effective management of a response. These activities are performed by a single person who reports directly to the Incident Commander.

Operations: Chief Ops-Dir. of MOT-Wade Ochs; First Aid-Café Mgr.-Debbie Kay; Release of Students-Attendance Clerk-Lisa Kasper; Site Security, Damage, Evacuation-Andy Arechiga and Jim Kasper

All response actions are implemented by Operations. This includes staff performing first aid, crisis intervention, search and rescue, site security, damage assessment, evacuations, and the release of students.

In the organizational structure described on the Appendix B.1, the Operations Chief supervises five teams: First Aid and Student Health, Student Evacuation Transportation, Critical Incident Stress Response, Parent Coordination and Reunification and Student Accountability.

Logistics: Logistics-School Secretary-Michelle Keefe

Logistics supports the response by coordinating personnel; assembling and deploying volunteers; providing supplies, equipment, and services; and facilitating communications among emergency responders.

Finance & Administration: Operations-Director of Business Services-Kim Rown

Finance & Administration involves the purchasing of all necessary materials, tracking financial records, timekeeping for emergency responders, and recovering school records following an emergency. These activities are performed by a single person who reports directly to the Incident Commander.

SITE EMERGENCYPROCEDURES FOR SPECIAL NEEDS STUDENTS

1. Procedures for special needs students may need to be implemented in emergency situations such as fire, earthquake, bomb threats, etc.
2. At the beginning of each school year, an Individual Emergency Procedures Plan must be completed to accommodate each student who requires additional assistance due to a disability. This includes students with physical impairments who may require:
 - a wheelchair on a daily basis
 - specialized equipment
 - physical assistance to evacuate in a timely manner
3. Each plan requires that support staff be designated as specialized assistants during times of emergency.
4. The Site Safety Specialist is responsible for:
 - identifying all students who will require additional assistance
 - working with the designated certificated staff (classroom teachers) and the principal to ensure that coverage and a plan is completed for each student

***Since new students may arrive at any time during the school year, this assignment will be continuous throughout the year.**

5. Use the format below to complete an Individual Emergency Procedures Plan for each special needs student. Place a copy of the plan(s) in the Site Safety Plan and with the individual classroom teacher's emergency materials. (class roster, etc.)

APPENDIX C: GENERAL EMERGENCY ACTIONS

Emergency Actions are a set of simple directives and alert level procedures that may be implemented across a number of emergency situations. When an emergency occurs, it is critical that staff members take immediate steps to protect themselves and others. With Emergency Actions in place, staff can follow specific directions without having to learn extensive protocols for each of several dozen different emergency situations. The Incident Commander will decide which Emergency Actions to implement, based on the situation.

The most common immediate emergency actions below are listed below. Staff members must become familiar with each emergency action and be prepared to perform assigned responsibilities. All students must be taught what to do when any of the common emergency actions are implemented.

Type	Definition
STATUS	ALL CLEAR communicates to students and staff that the emergency is over and normal school operations can resume.
	EMERGENCY DAMAGE ASSESSMENT is the inspection process used immediately following an emergency (typically will students and staff are under an EVACUATION order) to determine if it is safe to resume occupancy of school facilities. An EMERGENCY DAMAGE ASSESSMENT should be performed following any event with the potential to cause damage school facilities or equipment.
RESTRICTED MOVEMENT & ACCESS	<p>LOCKDOWN is initiated to isolate students and school staff from danger on or near the campus when movement within the school and within rooms on the campus might put students and staff in jeopardy. LOCKDOWN is used to prevent intruders from entering occupied areas of the buildings.</p> <ul style="list-style-type: none"> • Lock the doors; • Close and lock windows, and close blinds or cover windows; • Turn off lights; • Silence all electronic devices; • Remain silent; • Use strategies to silently communicate with first responders, if possible, • Hide along the wall closest to the exit but out of the view from the hallway (allowing for an ambush of the intruder and for possible escape if the intruder enters the room); and • Remain in place until the release from lockdown by school administration or evacuated by law enforcement.
	SECURE AND HOLD CAMPUS is implemented as a precautionary measure to ensure the safety of students and staff when there is danger in the surrounding community or a bomb threat is made against the school. SECURE AND HOLD CAMPUS requires that all students and staff take shelter in school buildings and lock all exterior doors. Classroom instruction and/or activity may continue as long as all classroom and office doors are locked and all students and staff remain inside through the duration of that event. The school perimeter should be secured.
	SHELTER IN PLACE is implemented when there is a need to isolate students and staff from the outdoor environment to prevent exposure to airborne contaminants. The procedures include closing and sealing doors, windows and vents; shutting down the classroom/building heating, ventilation and air conditioning systems to prevent exposure to the outside air; and turning off pilot lights. SHELTER IN PLACE allows for the free movement of staff and students within the building, although one should not leave the room until further instructions are received. Those in buildings with exterior passageways must remain in the classroom while SHELTER IN PLACE is instituted. It is appropriate for, but not limited to, gas leaks, external chemical release, dirty bombs and hazardous material spills.

	<p>TAKE COVER is implemented when it is necessary to move to and take refuge in the best shielded areas within the school buildings. It is appropriate for, but not limited to, severe windstorms and tornados.</p> <ul style="list-style-type: none"> ○ Move students and staff into the school's permanent buildings, on the ground floor. ○ Group students/staff together at the furthest point away from windows on the floor. <ul style="list-style-type: none"> ✓ Face the wall with backs to the windows ✓ Crouch down on knees and elbows ✓ Hands covering the back of their head/neck <ul style="list-style-type: none"> • If a tornado warning or potentially damaging windstorm occurs at dismissal, delay dismissal. An order to TAKE COVER should remain in place until the National Weather Service has lifted the warning.
	<p>DUCK, COVER AND HOLD ON is the action taken during an earthquake to protect students and staff from flying and falling debris. DUCK, COVER AND HOLD ON is an appropriate action for use during an earthquake or explosion. Immediate EVACUATION and an EMERGENCY DAMAGE ASSESSMENT must be performed prior to occupancy of any of the site's buildings, following any event prompting the use of DUCK, COVER AND HOLD ON.</p>
EVACUATION	<p>EVACUATION is implemented when conditions make it unsafe to remain inside the building(s). This action provides for the orderly movement of students and staff along prescribed routes from inside school buildings to a designated outside area of safety.</p>
	<p>OFF-SITE EVACUATION is implemented when it is unsafe to remain on the school campus, and evacuation to an off-site assembly area is required. This action provides for the orderly movement of students and staff along prescribed routes from inside school buildings to a designated area of safety off campus. In some situations, OFF-SITE EVACUATION may require the use of bussing. STRUCTURED REUNIFICATION should be used following any OFF-SITE EVACUATION.</p>
	<p>EARLY RELEASE Certain situations may require releasing students from school at a time when parents expect their children to be at the school site. EARLY RELEASE may be implemented when circumstances make keeping students at school inadvisable. EARLY RELEASE must be authorized by the district superintendent or designee. During an EARLY RELEASE, students follow normal dismissal procedures.</p>
REUNIFICATION	<p>STRUCTURED REUNIFICATION is the process used to reunify children with their parents, guardians or caregivers, following a school emergency. Regular dismissal procedures are not followed. STRUCTURED REUNIFICATION requires:</p> <ul style="list-style-type: none"> • Maintaining accurate information on the location of each child. • Preventing unauthorized individuals from having access to or removing children. • Verifying the identity of individuals coming to take custody of children. • Verifying each individual has the legal right to take custody the child for which they have asked. • Keeping record of who each student is released to, the method used to verify their identity and the time of the pick-up.

Appendix D:

TYPES OF EMERGENCIES AND GENERAL PROCEDURES

EMERGENCY

LOCKDOWN

LOCKDOWN is initiated to isolate students and school staff from danger when there is a crisis inside the building and movement within the school might put students and staff in jeopardy.

LOCKDOWN is used to prevent intruders from entering occupied areas of the building. The concept of **LOCKDOWN** is no one in and no one out. All exterior doors are locked, and students and staff must remain in the classrooms or designated locations at all times. Teachers and other school staff are responsible for accounting for students and ensuring that no one leaves the safe area. **LOCKDOWN** is not normally preceded with an announcement. This **ACTION** is considered appropriate for, but is not limited to, the following types of emergencies:

- Gunfire
- Rabid animal at large
- Extreme violence outside the classroom

LOCKDOWN differs from **SHELTER-IN-PLACE** because it does not involve shutting down the HVAC (Heat and Air conditioning) systems and does not allow for the free movement within the building.

ANNOUNCEMENT:

1. Make an announcement in person directly or over the public address system:

Example: "Attention please. We have an emergency situation and must implement **LOCKDOWN** procedures. Students go immediately to the nearest classroom. Teachers lock classroom doors and keep all students inside the classroom until further notice. Do not open the door until notified by an administrator or law enforcement."

PRINCIPAL/SITE ADMINISTRATOR ACTIONS:

- ☐ Make the announcement. Instruct teachers and staff to immediately lock doors and remain in the classroom or secured area until further instructions are provided.
- ☐ Call 911. Provide location, status of campus, all available details of situation.
- ☐ When clearance is received from appropriate agencies, give the **ALL CLEAR** instruction to indicate that it is safe to unlock the doors and return to the normal class routine.
- ☐ Send home with students a brief written description of the emergency, how it was handled and, if appropriate, what steps are being taken in its aftermath.

STAFF ACTIONS:

- ☐ If it is safe to clear the hallways, bathrooms and open areas, direct students to the closest safe classroom.
- ☐ Immediately lock doors and instruct students to lie down on the floor.
- ☐ Close any shades and/or blinds if it appears safe to do so.
- ☐ Remain quiet and calm in the classroom or secured area until further instructions are provided by the principal or law enforcement.

STUDENT ACTIONS:

- ☐ Move quickly and quietly to the closest safe classroom.

If rooms are locked, immediately hide in the closest safe zone: bathroom, janitorial closet, office area, Library. Lock the door or move furniture or trash can to bar access to the room. Remain quiet until further instructions are provided by the principal or police.

- ☐ Assume Incident Command role
- ☐ Make public address announcement. Instruct teachers and staff to immediately lock doors and remain in the classroom or secured area until further instructions are provided

Example:

"Your attention please. Due to reported police activity in the surrounding community, please implement SECURE CAMPUS procedures immediately."

-REPEAT-

- ☐ Instruct Office Manager/Secretary to call law enforcement non-emergency number, inform them of Secure Campus status, and gather more specific information regarding the potential threat. If information is difficult to obtain, put site administrator on the call and ask to speak with Dispatch/Communications Supervisor
- ☐ Designate assigned individual to lock all doors leading into administration building
- ☐ Designate assigned individual to close (**NOT LOCK**) all entrance and exit points on the campus perimeter
- ☐ Contact school resource officer or other security personnel and provide available information
- ☐ When able, alert Superintendent's office
- ☐ Maintain heightened state of readiness in case potential community threat intensifies and school elevates response to **LOCKDOWN**
- ☐ If students are out at break , recess, or lunch and situation is deemed imminent, announce **SECURE CAMPUS** status and ask that all students return to assigned classrooms immediately
- ☐ If students are out at break, recess, or lunch and situation is **NOT** deemed imminent, initiate **SECURE CAMPUS** immediately upon conclusion of break
- ☐ If possible, provide periodic updates to staff via public address, e-mail, or other agreed upon means. Continue updates even if there is no change in the situation.

- ☐ Depending on the timing of the situation, consider deactivating the passing period bells. Students and staff must remain inside as long as the threat persists.
- ☐ After the emergency has been neutralized, initiate **ALL CLEAR**
- ☐ Through whatever means is most effective, provide parents/ guardians with a brief description of the emergency, how it was handled, and if appropriate, what steps are being taken in its aftermath

STAFF ACTIONS:

- ☐ Move to the door and instruct any passing students to return to assigned classroom immediately
- ☐ Close and lock the door
- ☐ Continue class instruction or activity as normal
- ☐ Enforce the no entrance; no exit protocol. Remain in classroom or secured area and wait for further instructions
- ☐ Be alert to the possibility that response may elevate to **LOCKDOWN**
- ☐ Do **NOT** call office to ask questions; Incident Command will send out periodic updates
- ☐ Wait for another action or, if **ALL CLEAR** is issued, return to normal class routine

STAFF ACTIONS: IF STUDENTS ARE ENGAGED IN CLASS ACTIVITY ON AN OUTLYING FIELD (PE OF OTHER ACTIVITY):

- ☐ Gather students together and organize into an orderly formation
- ☐ Inform students that as part of **SECURE CAMPUS** procedures, the class will move immediately to a pre-determined classroom location

Proceed to on-campus shelter location as quickly as possible

EMERGENCY ACTION

SHELTER IN PLACE

SHELTER IN PLACE is a short-term measure implemented when there is a need to isolate students and staff from the outdoor environment to prevent exposure to airborne contaminants. The procedures include closing and sealing doors, windows and vents; shutting down the classroom/building heating, ventilation and air conditioning systems to prevent exposure to the outside air; and turning off pilot lights.

SHELTER IN PLACE allows for the free movement of staff and students within the building, although one should not leave the room until further instructions are received. Those in bungalows and buildings with exterior passageways must remain in the classroom while **SHELTER IN PLACE** is instituted. It is appropriate for, but not limited to, gas leaks, external chemical release, dirty bombs and hazardous material spills.

ANNOUNCEMENT:

1. Make an announcement in person directly or over the public address system:

Example: "Attention please. We have a hazard in the community and are instituting SHELTER IN PLACE procedures. Students and staff should remain inside with windows and doors securely closed and air conditioning units turned off. Those who are outside should immediately move to the protection of an inside room. Do not go outdoors until you receive further instructions."

PRINCIPAL/SITE ADMINISTRATOR ACTIONS:

- Make an announcement on the public address system. Give clear instructions, remain calm and convey reassurance that the situation is under control.
- When clearance is received from appropriate agencies, give the **ALL CLEAR** instruction to indicate that the normal school routine can resume.
- Make arrangements for central HVAC shutdown, as necessary.

TEACHER and STAFF ACTIONS:

- Immediately clear students from the halls. Stay away from all doors and windows.
- Keep all students in the classroom until further instructions are received. Assist those needing special assistance.
- Secure individual classrooms: a) close and lock doors and windows; b) shut down the classroom HVAC system; c) turn off local fans in the area; d) seal gaps under doors and windows with wet towels or duct tape; e) seal vents with aluminum foil or plastic wrap; and f) turn off sources of ignition, such as pilot lights.
- Take attendance and call report in to school secretary. Wait for further instructions.

STUDENT ACTIONS:

- Proceed to the classroom, if it is safe to do so. If not, follow teacher or staff directions to nearby classrooms or other rooms (e.g., auditorium, library, cafeteria, multi-purpose room). If these are unsafe, follow instructions to proceed to an alternative indoor location.

EMERGENCY ACTION

TAKE COVER

TAKE COVER is implemented when it is necessary to move to and take refuge in the best-shielded areas within the school buildings. It is appropriate for, but not limited to, the following:

- Actual enemy attack or imminent threat of attack
- Severe windstorm with little or no warning

Enemy Attack

ANNOUNCEMENT:

1. A three (3) minute undulating siren tone will sound for schools near an Attack Warning Siren.
2. If not near an Attack Warning Siren, make the following announcement in person directly or over the school public address system:

Example: "Attention please. (Pause) **TAKE COVER** (Pause) **TAKE COVER**. (Pause) **TAKE COVER** (Pause) **Enemy attack imminent.**"

3. Sound continuing short buzzer or bell signals.
4. Use messengers with oral or written word as an alternate means of faculty notification.

Natural Disasters

ANNOUNCEMENT:

1. Make the following announcement in person directly or over the school public address system:

Example: "Attention please. (Pause) **TAKE COVER** (Pause) **TAKE COVER**. (Pause) **TAKE COVER** (Pause) **Severe windstorm imminent.**"

2. Sound continuing short buzzer or bell signals.
3. Use messengers with oral or written word as an alternate means of faculty notification.

EMERGENCY ACTION

DUCK, COVER AND HOLD ON

DUCK, COVER AND HOLD ON is the action taken during an earthquake to protect students and staff from flying and falling debris. It is appropriate action for:

- Earthquake
- Explosion

ANNOUNCEMENT:

The following announcement will be made over the public-address system and by teachers in classrooms:

Example: "Attention please. We are experiencing seismic activity. For your protection, follow **DUCK, COVER AND HOLD ON** procedures. Get under a table or desk, away from windows and anything that could fall and hurt you. Hold that position until the shaking stops or until you receive further instructions."

STAFF AND STUDENT ACTIONS:

Inside

- Arrange desks so that they do not face windows.
- Instruct students to move away from windows.
- Immediately drop to the floor under desks, chairs or tables. With back to windows, place head between knees, hold on to a table leg with one hand and cover the back of the neck with the other arm.
- Remain in place until shaking stops or for at least 20 seconds. When quake is over, leave building. Do not run. Avoid routes with architectural overhangs. Do not re-enter building until declared safe by competent authority.

Outside

- Instruct students to move away from buildings, trees, overhanging wires and **DUCK, COVER and HOLD ON.**
- Upon the command **DUCK, COVER AND HOLD ON**, immediately move away from objects which might topple over, drop to the ground or get under a table close by, place head between knees, and cover back of neck with arms and hands.
- Remain in place until shaking stops or for at least 20 seconds.

EMERGENCY ACTION

EVACUATION

EVACUATION is implemented when conditions make it unsafe to remain in the building. This ACTION provides for the orderly movement of students and staff along prescribed routes from inside school buildings to a designated outside area of safety. **EVACUATION** is considered appropriate for, but is not limited to, the following types of emergencies:

- Fire
- Explosion or threat
- Bomb threat
- Post earthquake
- Chemical accident

See next page for how to assist those with disabilities during an evacuation.

See also: **OFF-SITE EVACUATION**, which is implemented when it is not safe to remain on the school campus and **REVERSE EVACUATION**, when it is unsafe to remain outside.

ANNOUNCEMENT:

1. Fire alarm (bell or horn signal).
2. Provided time is available, make an announcement over the public address system:

Example:

“Attention please. We need to institute an EVACUATION of all buildings. Teachers are to take their students to their designated Assembly Area. Students please remain with your teacher.”

3. Implement Special Needs Evacuation Plan.
4. Use messengers with oral or written word to deliver additional instructions to teachers in hold areas.

PRINCIPAL/SITE ADMINISTRATOR:

- The Assembly Area (See evacuation map) should be a safe location on the school campus away from the building and emergency response equipment that may arrive at the school. If unsafe for the current emergency, designate an alternate Assembly Area.
- When clearance to return to the buildings is determined or received from appropriate agencies, announce **ALL CLEAR** to return to classrooms and resume school activities.
- Send home with students for their parents/guardians a brief written description of the emergency, how it was handled and, if appropriate, what steps are being taken in its aftermath.

STAFF ACTIONS:

- Instruct students to leave the building in an orderly manner using the designated evacuation routes and reassemble in the assigned Assembly Area.
- Take the emergency backpack and student roster when leaving the building and take attendance when the class is reassembled in a safe location. Report attendance to the Incident Commander/designee.
- Remain in the Assembly Area until further instructions are given.
- Wait for another ACTION or the **ALL CLEAR** instruction to return to school buildings and normal class routine.

HOW TO ASSIST THOSE WITH DISABILITIES DURING AN EVACUATION

- The needs and preferences of non-ambulatory individuals will vary. Those at ground floor locations may be able to exit without help. Others may have minimal ability to move, and lifting may be dangerous. Some non-ambulatory people also have respiratory complications. Remove them from smoke and vapors immediately
- **To alert visually-impaired individuals**
 - Announce the type of emergency.
 - Offer your arm for guidance.
 - Tell person where you are going, obstacles you encounter.
 - When you reach safety, ask if further help is needed.
 -
- **To alert individuals with hearing limitations**
 - Turn lights on/off to gain person's attention -OR-
 - Indicate directions with gestures -OR-
 - Write a note with evacuation directions.
- **To evacuate individuals using crutches, canes or walkers**
 - Evacuate these individuals as injured persons.
 - Assist and accompany to evacuation site, if possible -OR-
 - Use a sturdy chair (or one with wheels) to move person -OR-
 - Help carry individual to safety.
- **To evacuate individuals using wheelchairs**
 - Give priority assistance to wheelchair users with electrical respirators
 - Most wheelchairs are too heavy to take downstairs; consult with the person to determine the best carry options.
 - Reunite person with the wheelchair as soon as it is safe to do so.

EMERGENCY ACTION

OFF-SITE EVACUATION

OFF-SITE EVACUATION is implemented when it is unsafe to remain on the school campus, and evacuation to an off-site assembly area is required. This ACTION provides for the orderly movement of students and staff along prescribed routes from inside school buildings to a designated area of safety. **OFF-SITE EVACUATION** is considered appropriate for, but is not limited to, the following types of emergencies:

- Fire
- Bomb threat
- Chemical accident
- Explosion or threat of explosion
- Post earthquake

OFF-SITE EVACUATION may require **DIRECTED TRANSPORTATION**.

See also **EVACUATION** and **REVERSE EVACUATION**, implemented when it is unsafe to remain outside.

ANNOUNCEMENT:

1. Fire alarm (bell or horn signal).
2. Make an announcement over the public address system:

Example:

"Attention please. We need to institute an OFF-SITE EVACUATION Teachers are to take their students to the designated offsite assembly area. Students are to remain with their teacher."

PRINCIPAL/SITE ADMINISTRATOR ACTIONS:

- ☐ Determine the safest method for evacuating the campus. This may include the use of school buses or simply walking to the designated off-site location.
- ☐ Call 911. Provide school name and location of off-site evacuation, reason for evacuation, number of staff and students being evacuated.
- ☐ When clearance is received from appropriate agencies, give the **ALL CLEAR** instruction and authorize students and staff to return to the classrooms.
- ☐ Send home with students for their parents/guardians a brief written description of the emergency, how it was handled and, if appropriate, what steps are being taken in its aftermath.

STAFF ACTIONS:

- ☐ Take attendance before leaving campus. Instruct students to evacuate the building, following designated routes, and assemble in their assigned offsite Assembly Area. Bring along the emergency classroom backpack.
- ☐ If walking to a nearby site, keep students lined up in an orderly fashion and walk away from the danger. The procession should follow the safest route to the evacuation site (See Confidential Evacuation Map.)
- ☐ Take the student roster when leaving the building. Take attendance when the class is reassembled in a safe offsite location. Report attendance to Principal/designee.
- ☐ Remain in place until further instructions are given.

EMERGENCY RESPONSE Active Shooter/Armed Assailant

ACTIVE SHOOTER/ ARMED ASSAILANT SITUATIONS

"Active shooter situations" are defined as those where an individual or individuals is "actively engaged in killing or attempting to kill people in a confined and populated area." Active shooters are armed assailants who frequently use firearms but attacks of this type can also be made with other types of weapons (knives, swords, etc.). These situations are unpredictable and evolve quickly. Because of this, individuals must be prepared to deal with an active shooter/armed assailant situation before law enforcement personnel arrive on the scene.

No single response fits all *active shooter/armed assailant situations*; therefore, it is essential all members of the school staff know their options for response and are prepared to act decisively to protect their students and themselves.

ACTIONS-ALL SCHOOL STAFF

1. All employees are authorized to **take immediate action** to protect themselves and students if they see or hear anything that causes them to believe an active shooter/ armed assailant situation is occurring or is to about to occur.

- a. **Act immediately** if you or your students:
 - hear a sound that might be gunfire.
 - see something that looks like a weapon being carried or used on or near the campus.
 - sense any other indication of active shooter/ armed assailant threat.
- b. **Quickly evaluate** which option (Run, Hide or Fight) will best protect you and your students.
- c. **Be decisive.** Communicate your plan to your students and act quickly.
- d. **Call 911 and the School Office** as soon as it is safe to do so.

2. Options: *Run, Hide or Fight*

- a. **Run:** If you can get yourself and your students safely away from danger, do so immediately.
 - Do not evacuate unless you...
 - o know with certainty, the exact location of assailant (do not trust unofficial, second hand accounts),
 - o and can visualize a route that will get your students and yourself safely off campus.
 - Don't carry anything with you.

- o Police may mistake an item in your hands as a weapon.
 - o Leave everything behind.
 - If you encounter people along the way...
 - o Adults: Warn them and take them with if you can but don't stop if they refuse to come.
 - o Students: Warn any students you encounter and take them with if you. You may use reasonable force to take a student with you, *if you can do so without endangering yourself or the other students in your care.*
 - Place terrain and buildings between you and the assailant to cover your escape.
 - Keep going until you are certain you are out of danger.
 - Call 911 as soon as it is safe to do so.
 - Keep your students with you. Call (209)984-4058 to report your location and obtain instructions.
- b. **Hide:** If you do not know the exact location of the assailant, get your students and yourself into the most secure location available and LOCKDOWN.
- Lock the doors
 - Close and lock windows and close blinds or cover windows;
 - Turn off lights;
 - Barricade the doors with heavy furniture; be sure your barricade covers any glass in or near the door;
 - Silence all electronic devices;
 - Remain silent;
 - Position occupants spread out and out of line of site from room entrance.
 - Prepare to take action if the assailant attempts to get in the room;
 - Use text or email to communicate your location, the number of students or staff with you, if you have any wounded and the extent of the injuries;
 - Call 911 as soon as it is safe to do so.
 - Remain in place until evacuated by identifiable law enforcement officers.
- c. **FIGHT: Never seek out confrontation with an active shooter/ armed assailant.** If you are confronted by an active shooter/ armed assailant and you have no safer option, take immediate action to disrupt or incapacitate the assailant. **If you choose the FIGHT option, commit to your actions.**
- If you are in LOCKDOWN (Hide), prepare yourself and your students for the possibility that the assailant may attempt to get in the room you are in.
 - o Construct a strong barricade.
 - o If you have another way out (a window or back door) use it while the assailant is attempting to get in.
 - o If no other exit is available be prepared to disrupt the assailant by throwing objects at the assailant and running for the exit as soon as the assailant enters the room.
 - a. Use items in the environment as improvised weapons (fire extinguishers, staplers, books, cups, etc.)
 - Staff members may consider using aggressive and violent force to surprise and overwhelm the assailant.
3. **Call 911 and initiate a school-wide LOCKDOWN** announcement as soon as you can do so safely. Work with the people you are with to do both calls simultaneously if possible.

- a. Provide as much information as possible (slow down - be calm):
 - State the emergency: "I hear gunfire." "I saw..."
 - Give information on people who are wounded.
 - Location of the assailant (if known):
 - Description of the assailant (if known):
 - Your precise location: "room_"
 - The number of children with you:
- b. Keep the line open, even if you can't talk, unless instructed by the dispatcher to end the call.

4. Special Topics

- a. Injuries: Your response to injured persons will need to vary given the specific circumstances that are present and the response option (Run, Hide or Fight) you are engaged in.
 - *Run* - If you encounter injured persons while you are trying to get out of danger...
 - And you have children with you, you must place their safety ahead of the injured person. Take note of where the injured person is and report the location as soon as you get to safety.
 - *Hide* - If someone is injured where you are hiding, secure the room before tending to the wounded.
 - As soon as it is safe to do so, apply first aid using any supplies that are available. If necessary, use articles of clothing as improvised dressing for wounds and apply direct pressure to control bleeding.
 - *Fight* - This is always the option of last resort because the probability of injury is highest when you are in close proximity to the assailant. Commit to your plan. Do not stop to tend to the wounded until it is safe to do so.
 - If your intention is to disrupt the assailant to allow as many people to escape as possible, stick to that plan.
 - If your plan is to incapacitate the assailant, keep fighting until the assailant is incapacitated and the weapon and assailant are under control.
- b. Law Enforcement: If you encounter law enforcement officers...
 - Immediately raise your hands in the air and display your open palms.
 - Don't run up to officers or attempt to hug or talk to them.
 - Don't talk unless they ask you a question.
 - Do exactly what they tell you to do.
- c. Weapons: If the assailant loses control of a weapon, exercise extreme care when securing it:
 - Do not pick up the weapon. Law enforcement may shoot you if they see you holding a weapon.
 - Secure the weapon by placing an empty trash can over it and sliding it to a location where it can be kept covered and under control until a law enforcement officer can take possession of it.
- d. Ongoing Communication: (School and district staff should develop means to safely provide updates to staff to keep them informed during the incident.)

- e. Extended Day Programs/ After School Activities: (School sites must also plan for and train all district/ site staff involved with student activities and extracurricular programs.)

PRINCIPAL/SITE ADMINISTRATOR ACTIONS:

- Follow the All Staff guidance described above.
- Call 911 and initiate a **LOCKDOWN** announcement as soon as you can do so safely. Work with nearby staff to do them simultaneously if at all possible.
 - Include as much actionable information on the announcement as possible.

Example "LOCKDOWN, LOCKDOWN, LOCKDOWN. Man with a gun on campus. LOCKDOWN now."
 - If you have surveillance capabilities, and can safely provide real time announcements, broadcast continuous and accurate information on the location of the assailant. This will disrupt and distract the assailant. It will also provide people on campus with information they can use to better evaluate their options.

Example: "The gunman is now in the D wing headed south. He is armed with a shotgun and is wearing a hooded jacket and blue jeans."
- Notify the district office after you call 911.
- If possible assist emergency personnel.
 - Assist police in entering the school;
 - Provide officers with keys, maps and any other information requested.

DISTRICT STAFF ACTIONS

- **Emergency Operations Center (EOC)**
 - Activate the district's Emergency Operations Center
 - Dispatch a back-up ICS team to take over responsibility for ICS functions from site staff who will be impacted by this emergency.
- **Offsite Reunification**
 - The Operations Section should prepare an off-site evacuation site for reunification.
 - This should be at a location large enough to accommodate the evacuation, with parking available for parents coming to get their kids.
 - Once the assailant is neutralized emergency responders will begin to treat and evacuate the wounded.
 - School staff and students will remain in lockdown until evacuated on a room by room basis.
 - Buses should be placed on standby for evacuation.
 - Teams and materials should be mobilized to conduct an orderly reunification in which all students and staff are accounted for.
- **Crisis Intervention**
 - A Mental Health strike team should also be assembled to assist with stabilizing acutely impacted students, staff and parents during reunification.
 - This team will also provide ongoing support throughout the recovery phase of the emergency response.
 - Psychoeducational materials should also be developed / selected by the Planning Section for distribution to parents and other caregivers to assist them in supporting crisis recovery.
 - Mental Health staff should also be involved in plans related to reopening the school following an active shooter/ armed assailant event.

A student's death may be the result of a suicide, homicide, car accident, illness or other causes. It may have a profound effect on the school and may be one of the most difficult situations an administrator will face. A communications strategy developed in advance of such tragedy will help the administrator know what to say to the student's family and the school community.

PRINCIPAL/SITE ADMINISTRATOR ACTIONS:

- ❑ Call 911 and the District Office. Verify the death and obtain as much information about it as possible.
- ❑ Contact the student's family or visit the home to offer condolence and support. Obtain information about the funeral/memorial service. Respect their wishes.
- ❑ Protect the privacy of the family; the school neither gives nor confirms information to the media or others without consent.
- ❑ If the death occurred in the evening or weekend, implement the SwiftK12 Auto-dialer so that teachers and staff members are informed about the occurrence. Notify teachers prior to notification of students.

A dirty bomb is a mix of explosives, such as dynamite with radioactive power or pellets, set off to scatter dust and smoke in order to produce radioactive contamination. The main danger from a dirty bomb is from the explosion, which can cause serious injuries and property damage. While the radioactive materials used in a dirty bomb are probably insufficient to create immediate serious illness, they can be dangerous to health if inhaled. Low levels of radiation exposure do not cause noticeable symptoms. Higher levels of radiation exposure may produce nausea, vomiting, diarrhea and swelling and redness of the skin.

Outside, close to the incident.

PRINCIPAL/SITE ADMINISTRATOR ACTIONS:

- ❑ DO NOT MIX POPULATIONS. For those outside at the time of the explosion, initiate **REVERSE EVACUATION** to a separate building or location. Isolate them from those already inside. Do not risk contamination of those inside at the time of the explosion.
- ❑ Call 911. Provide location and nature of the emergency and school actions taken.
- ❑ Set up decontamination station where students and staff may shower or wash with soap and water.
- ❑ Prepare a list of those who are in the affected area to provide to emergency response personnel.
- ❑ Turn on a battery-powered commercial radio and listen for instructions.
- ❑ Notify District Superintendent of the situation.
- ❑ Arrange for medical attention for those injured by the explosion.
- ❑ Arrange for psychological counseling for students and staff.

STAFF ACTIONS:

- ❑ Cover nose and mouth with a cloth to reduce the risk of breathing in radioactive dust or smoke.
- ❑ Move students quickly to the closest suitable shelter to shield them from radiation. Keep them isolated from individuals inside at the time of the explosion. Do not risk contamination of those who were not outside.
- ❑ Avoid touching any objects thrown off by the explosion—they might be radioactive.
- ❑ Follow standard student assembly, accounting and reporting procedures.
- ❑ Immediately remove outer layer of clothing and mouth cover and seal in a plastic bag, if available. Removing outer clothes may get rid of up to 90% of radioactive dust. Put plastic bag away from the population where others will not touch it until authorities provide further instructions.
- ❑ Supervise decontamination station where students and staff may shower or wash with soap and water. Do not come into contact with water runoff.

- Do not return outside after decontamination. Remain in safe area, isolated from those who are unaffected, until emergency response personnel arrive

Inside, close to the incident

PRINCIPAL/SITE ADMINISTRATOR ACTIONS:

- DO NOT MIX POPULATIONS. For those inside at the time of the explosion, initiate **SHELTER IN PLACE** procedures. Turn off HVAC system.
- Move to central location where windows and doors can be sealed with duct tape.
- Call 911. Provide location and nature of the emergency and school actions taken.
- Turn on a battery-powered commercial radio and listen for instructions.
- Notify District Superintendent of the situation.
- Remain inside the building until the Department of Health or Fire Department determines it is safe to leave.
- Arrange for psychological counseling for students and staff.

STAFF ACTIONS:

- Keep students calm. Instruct students to **DUCK and COVER**.
- Turn off fans and air conditioning systems. Seal windows and air vents with duct tape. Close all curtains and blinds.

Earthquakes strike without warning. Fire alarms or sprinkler systems may be activated by the shaking. The effect of an earthquake from one building to another will vary. Elevators and stairways will need to be inspected for damage before they can be used. The major shock is usually followed by numerous aftershocks, which may last for weeks.

The major threat of injury during an earthquake is from falling objects, glass shards and debris. Many injuries are sustained while entering or leaving buildings. Therefore, it is important to quickly move away from windows, free-standing partitions and shelves and take the best available cover under a sturdy desk or table, in a doorway or against an inside wall. All other actions must wait until the shaking stops. If persons are protected from falling objects, the rolling motion of the earth may be frightening but not necessarily dangerous.

Inside Building

PRINCIPAL/SITE ADMINISTRATOR ACTIONS:

- ☐ Direct inspection and assessment of school buildings. Report building damage and suspected breaks in utility lines or pipes to fire department responders.
- ☐ Send search and rescue team to look for trapped students and staff.
- ☐ Post guards a safe distance away from building entrances to assure no one re-enters.
- ☐ Notify District Office of school and personnel status. Determine who will inform public information media as appropriate.
- ☐ Do NOT re-enter building until it is determined to be safe by appropriate facilities inspector.
- ☐ Determine whether to close school. If school must be closed, notify staff members, students and parents.

STAFF ACTIONS:

- ☐ Give **DROP, COVER and HOLD ON** command. Instruct students to move away from windows, bookshelves and heavy suspended light fixtures. Get under table or other sturdy furniture with back to windows.
- ☐ Check for injuries and render First Aid.
- ☐ After shaking stops, **EVACUATE** building. Avoid evacuation routes with heavy architectural ornaments over the entrances. Do not return to the building. Bring attendance roster and emergency backpack.
- ☐ Check attendance at the assembly area. Report any missing students to principal/site administrator.
- ☐ Warn students to avoid touching electrical wires and keep a safe distance from any downed power lines.

- ☐ Stay alert for aftershocks
- ☐ Do NOT re-enter building until it is determined to be safe.

Outside Building

STAFF ACTIONS:

- ☐ Move students away from buildings, trees, overhead wires, and poles. Get under table or other sturdy furniture with back to windows. If not near any furniture, drop to knees, clasp both hands behind neck, bury face in arms, make body as small as possible, close eyes, and cover ears with forearms. If notebooks or jackets are handy, hold over head for added protection. Maintain position until shaking stops.
- ☐ After shaking stops, check for injuries, and render first aid.
- ☐ Check attendance. Report any missing students to principal/site administrator.
- ☐ Stay alert for aftershocks.
- ☐ Keep a safe distance from any downed power lines
- ☐ Do NOT re-enter building until it is determined to be safe.
- ☐ Follow instructions of principal/site administrator.

During non-school hours

PRINCIPAL/SITE ADMINISTRATOR ACTIONS:

- ☐ Inspect school buildings with Maintenance/Building and Grounds Manager to assess damage and determine corrective actions.
- ☐ Confer with District Superintendent if damage is apparent to determine the advisability of closing the school.
- ☐ Notify fire department and utility company of suspected breaks in utility lines or pipes.
- ☐ If school must be closed, notify staff members, students and parents.
- ☐ Arrange for alternative learning arrangement such as portable classrooms if damage is significant and school closing will be of some duration.
- ☐ Notify District Office, who will inform public information media as appropriate.

Emergency response will depend on the type of explosion (smoke bomb, chemical lab incident, etc.) and proximity to the school. All students should be kept away from the explosion and under supervision.

PRINCIPAL/SITE ADMINISTRATOR:

- ☐ Determine whether site evacuation should be implemented. If so, sound fire alarm. This will automatically implement action to **EVACUATE** the building. **EVACUATION** may be warranted in some buildings but others may be used for **SHELTER IN PLACE**.
- ☐ Notify Fire Department (call 911). Provide school name, address, exact location within the building, your name and phone number and nature of the emergency.
- ☐ Secure area to prevent unauthorized access until the Fire Department arrives. Advise the District Superintendent of school status.
- ☐ Notify emergency response personnel of any missing students.
- ☐ Notify utility company of breaks or suspected breaks in utility lines or pipes. Provide school name, address, location within building, your name and phone.
- ☐ Direct a systematic, rapid and thorough approach to search the building and surrounding areas. Check classrooms and work areas, public areas (foyers, offices, bathrooms and stairwells), unlocked closets, exterior areas (shrubbery, trash cans, debris boxes) and power sources (computer rooms, gas valves, electric panels, telephone panels).
- ☐ Determine if Student Release should be implemented. If so, notify staff, students and parents.
- ☐ If damage requires the school to be closed, notify parents and staff of school status and alternate site for classroom instruction.
- ☐ Do not return to the school building until it has been inspected and determined safe by proper authorities.

STAFF ACTIONS:

- ☐ Initiate **DROP, COVER AND HOLD ON**.
- ☐ If explosion occurred inside the school building, **EVACUATE** to outdoor assembly area. Keep students and staff at a safe distance from the building(s) and away from fire-fighting equipment.

- ☐ Upon arrival at assembly area, check attendance. Report status to site administrator immediately.
- ☐ Render first aid as necessary.
- ☐ Do not return to the building until the emergency response personnel determine it is safe to do so.
- ☐ If an explosion occurred in the surrounding area, initiate **SHELTER IN PLACE**. Keep students at a safe distance from site of the explosion.

A fire in an adjoining area, such as a wildland fire, can threaten the school building and endanger the students and staff. Response actions are determined by location and size of the fire, its proximity to the school and the likelihood that it may endanger the school community.

PRINCIPAL/SITE ADMINISTRATOR ACTIONS:

- ☐ Determine if **EVACUATION** of school site is necessary.
- ☐ Contact local fire department (call 911) to determine the correct action for your school site.
- ☐ If necessary, begin evacuation of school site to previously identified safe site using school evacuation plan. If needed, contact bus dispatch for **OFF-SITE EVACUATION**.
- ☐ Direct inspection of premises to assure that all students and personnel have left the building.
- ☐ Notify the school district where the school has relocated and post a notice on the office door stating the temporary new location.
- ☐ Monitor radio station for information.
- ☐ Do not return to the building until it has been inspected and determined safe by proper authorities.

STAFF ACTIONS:

- ☐ If students are to be evacuated, take attendance to be sure all students
- ☐ are present before leaving the building site.
- ☐ Stay calm. Maintain control of the students a safe distance from the fire and firefighting equipment.
- ☐ Take attendance at the assembly area. Report any missing students to the principal/site administrator and emergency response personnel.

Should any fire endanger the students or staff, it is important to act quickly and decisively to prevent injuries and contain the spread of the fire. All doors leading to the fire should be closed. Do not re-enter the area for belongings. If the area is full of smoke, students and employees should be instructed to crawl along the floor, close to walls, which will make breathing easier and provide direction. Before opening any door, place a hand an inch from the door near the top to see if it is hot. Be prepared to close the door quickly at the first sign of fire. All fires, regardless of their size, which are extinguished by school personnel, require a call to the Fire Department to indicate that the "fire is out".

Within School Building

PRINCIPAL/SITE ADMINISTRATOR ACTIONS:

- ☐ Sound the fire alarm to implement **EVACUATION** of the building.
- ☐ Immediately **EVACUATE** the school using the primary or alternate fire routes.

- ☐ Notify District Office of situation.
- ☐ Notify appropriate utility company of suspected breaks in utility lines or pipes.
- ☐ If needed, notify bus dispatch for **OFF-SITE EVACUATION**.
- ☐ Do not allow staff and students to return to the building until the Fire Department declares that it is safe to do so.

STAFF ACTIONS:

- ☐ **EVACUATE** students from the building using primary or alternate fire routes. Take emergency backpack and student kits. Maintain control of the students a safe distance from the fire and firefighting equipment.
- ☐ Take attendance. Report missing students to the Principal/designee and emergency response personnel.
- ☐ Maintain supervision of students until the Fire Department determines it is safe to return to the school building.

Near the School

PRINCIPAL/SITE ADMINISTRATOR ACTIONS:

- ☐ Notify the Fire Department (call 911). The Fire Marshall will direct operations once on site.
- ☐ Determine the need to implement an **EVACUATION**. If the fire threatens the school, execute the actions above. If not, continue with school routine.

Flooding could threaten the safety of students and staff whenever storm water or other sources of water threaten to inundate school grounds or buildings. Flooding may occur if a water pipe breaks or prolonged rainfall causes urban streams to rise. Flooding may also occur as a result of damage to water distribution systems such as failure of a dam or levee. If weather-related, an alert message will be broadcast over the weather radio station.

PRINCIPAL/SITE ADMINISTRATOR ACTIONS:

- ☐ Issue **STAND BY** instruction. Determine if evacuation is required.

Influenza is a highly contagious viral disease. Pandemic influenza differs from both seasonal influenza (flu) and avian influenza in the following aspects:
