We hope you had a fun-filled October! November is the month where we have chance to reflect and appreciate all the good and positive things in life. We like to call this gratitude, which just happens to be our character trait this month! While our students are practicing this trait this month, we hope that as families, you are encouraged to share the love that gratitude brings.

We like to share the gratitude we have for all of our students at Jamestown and Chinese Camp Science Academy by inviting families into their children's educational journey at school. To do that, this month we have a Family Fun Night scheduled, Parent-Teacher Conferences, and an exciting Storytelling event.

On Saturday, November 4th, JFRC invites you to JES for a spectacular storytelling event! JFRC has partnered with BZ Smith and we are sooo excited to share with each of you that Olga Loya will be joining us for second storytelling event at JES that will include live music , crafts , face painting for all the children and a delicious Mexican breakfast! So, please bring your families, invite all your students and families to come as we have spent months planning this exciting event! Mark your calendar and we hope to see you all on Saturday, November 4th from 9-12 pm here at the Jamestown Elementary School gym.

During the week of November 13th-November 17th is conference week. Teachers would like to invite all parents and guardians to attend a one-on-one meeting with them to focus on each child. Your child's teacher will reach out to you to set up a time to meet. The release time each day this week is 1:25 PM. This is to accommodate all conferences scheduled. Following conference week, Fall break will begin November 20th-November 24th and there will be no school those days. Enjoy some family time and share in the love and gratitude of each other!

Last, JES will be hosting a Family Fun Night scheduled on November 30th and we would like to invite all JES and CCSA families to attend. Dinner will be provided and fun educational activities for all grade levels will be offered. This will be a night you won't want to miss!
