## Instructions

The LCAP Federal Addendum is meant to supplement the LCAP to ensure that eligible LEAs have the opportunity to meet the Local Educational Agency (LEA) Plan provisions of the ESSA.

The LCAP Federal Addendum Template must be completed and submitted to the California Department of Education (CDE) to apply for ESSA funding. LEAs are encouraged to review the LCAP Federal Addendum annually with their LCAP, as ESSA funding should be considered in yearly strategic planning.

**The LEA must address the Strategy and Alignment prompts provided on the following page.**

**Each provision for each program must be addressed** unless the provision is not applicable to the LEA.

In addressing these provisions, LEAs must provide a narrative that addresses the provision **within the LCAP Federal Addendum Template**.

Under State Priority Alignment, state priority numbers are provided to demonstrate where an ESSA provision aligns with state priorities. This is meant to assist LEAs in determining where ESSA provisions may already be addressed in the LEA's LCAP, as it demonstrates the LEA's efforts to support the state priorities.

The CDE emphasizes that **the LCAP Federal Addendum should not drive LCAP development**. ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. **LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources**; however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

**This template is designed to be used by LEAs who already have completed their LCAP Federal Addendum and received approval from CDE. This template will support LEAs with the review of their LCAP Federal Addendum and revision.**

**The review and revision of the LCAP Federal Addendum do not need to be submitted to CDE for approval. However, an LEA should have their local Board approve any revisions.**

**Even if the LEA plans to transfer all of its title funds, it must still address all of the provisions of the title from which it is transferring its funds. The LEA must first meet the application requirements of those funds before it can elect to transfer those funds to another title.**

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. This LCAP Federal Addendum provides LEAs with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for LEAs to innovate with their federally-funded programs and align them with the priority goals they are realizing under the state's Local Control Funding Formula (LCFF).

LCFF provides LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The LCAP planning process supports continuous cycles of action, reflection, and improvement.

Please respond to the prompts below, and in the pages that follow, to describe the LEA's plan for making the best use of federal ESEA resources in alignment with other federal, state, and local programs as described in the LEA's LCAP.

## Strategy

Explain the LEA's strategy for using federal funds to supplement and enhance local priorities or initiatives funded with state funds, as reflected in the LEA's LCAP. This shall include describing the rationale/evidence for the selected use(s) of federal funds within the context of the LEA's broader strategy reflected in the LCAP.

Jamestown School District has a high unduplicated count of 72.2% with 71.4% of those students being socioeconomically disadvantaged. When analyzing the needs of these students, and examining our local priorities in our LCAP along with our Dashboard results, many of our students are demonstrating challenges both social-emotionally and academically. Responding to these challenges through a trauma informed lens helps us to understand that many of our students require more targeted support here at school and therefore require an implementation of programs and improved services for these students. We are implementing Multi-Tiered Systems of Support and Positive Behavior intervention Supports, are adapting our master schedule to respond to the intervention needs of our students, and are increasing our staffing to more effectively respond. Under Title II we are able to provide needed professional development to address our academic deficits and social emotional program initiatives, along with providing the time necessary for training and implementation our MTSS goals and objectives. Our data analysis reveals a significant need in our K-2 grade levels for extra targeted reading intervention and literacy development. With the additional legislation regarding TK registration we have seen a significant increase in TK enrollment, as well as a spike in incoming kindergarteners who are not kindergarten ready both socially and academically. Our SED 3-8 students are performing significantly lower in benchmark and summative assessments in both math and language arts. Title I Part A funds are used to support our reading intervention specialist and program, providing reading support during the day through WIN time (targeted differentiated instructional support for all students) on our Jamestown Campus as well as after school tutoring support. Chinese Camp has instructional aide support to provide literacy intervention support. Title V supports extra reading and literacy intervention for the larger numbers of TK/kindergarten students who are scoring as needing intensive support. Some Title I Part A funds are used to support the work of our homeless and foster youth liaison by providing attendance education and home visit support for our families. In addition, all of our students identified as SED have been identified through a universal screening tool as needing more intensive Tier II and Tier III social emotional learning interventions, supports, and services. Therefore, it was determined that additional support and staffing in mental health services, along with more strategic professional development for both certificated and classified staff, is necessary in order to provide appropriate and effective SEL instruction and strategies. Title IV funds support our addition of anti-bullying curriculum and education, along with an increase in classroom STEAM instructional materials which supplement a broad course of study along with increasing engagement, rigor and relevance. Currently we do not receive any Title III funding. Our district has implemented a Dual Language Spanish/English Immersion Program and are providing the opportunity for all Dual Immersion 6-8 grade students to take an A-G high school Spanish course. The goals, services, and objectives listed in our LCAP are in alignment with ESSA federal funds and do supplement the work of Jamestown School District.

## Alignment

Describe the efforts that the LEA will take to align use of federal funds with activities funded by state and local funds and, as applicable, across different federal grant programs.

Title I part A funds, and Title V are aligned with our LCAP Goal 1: Supporting student achievement by aligning curriculum and state standards along with targeted intervention support. Targeted intervention support is occurring on both campuses before and after school. Additional research based intervention materials and software have been purchased and utilized to support academic growth. Title I Part A, Title II and Title IV funds align with Goal 2: The implementation of comprehensive District-wide behavior management system integrating Positive Behavior Interventions and Supports (PBIS), along with proactive measures such as behavior management response protocols (I Understand), bully prevention programs, restorative justice, social emotional learning. This goal aims to cultivate a safe, inclusive, and nurturing school environment. This is done by implementing social emotional curriculum and additional mental health services that work to support and improve student behavior and emotional regulation. Monitoring attendance through the use of home visits and school attendance review teams which is implemented in part by our homeless/foster youth liaison. Title II funds are also used to support this goal by providing professional development on trauma informed practices and allowing for collaboration time to use, respond, and monitor student data recorded on the universal screening tool for behavior, academics and attendance. Title I Part A funds are aligned to Goal 4: Promote school program benefits and parent and family engagement through various activities including family fun nights and parent educational opportunities while reinforcing community collaborations, broadening wrap-around services enhancing

communication and accessibility in order to build family connectedness, engagement and participation. One of our focal points is in educating and communicating with our families better in regard to school attendance. As I mentioned before, we have seen a large increase in absenteeism in our kindergarten and primary grade students. This has necessitated the need for a school campaign on improving school attendance in order to inform students and parents about the educational impact and future of their children when they miss school along with providing incentives to support school attendance. Our Homeless and Foster Youth liaison is partially funded through this and is an important component for attendance education, outreach, and support in receiving necessary wrap-around resources and services. We have also recently implemented transportation support for our homeless youth. This goal also includes community outreach to our Hispanic population which is increasing. This has necessitated an increase in translation services for school documents. Due to our Dual Immersion Program, we have seen an increase in our EL population and have increased our bilingual staff. Title II and IV funds align with Goals 3: To provide student access to a broad course of study and enrichment opportunities to prepare all students to be college and career ready. These funds will be used to provide more professional development opportunities such as math and writing support, and inclusion practices. MTSS trainings and implementation teams to develop and utilize resources for tiered interventions, along with the provision of personnel, supplies, equipment, activities for STEAM, music and art instruction.

## ESSA Provisions Addressed Within the LCAP

Within the LCAP an LEA is required to describe its goals and the specific actions to achieve those goals, for each of the LCFF state priorities. In an approvable LCAP, it will be apparent from the descriptions of the goals, actions, and services how an LEA is acting to address the following ESSA provisions through the aligned LCFF state priorities and/or the state accountability system.

## ESSA Provisions Not Addressed in the LCAP

For the majority of LEAs, the ESSA provisions on the following pages do not align with state priorities. **Each provision for each program provided on the following pages must be addressed** unless the provision is not applicable to the LEA. In addressing these provisions, LEAs must provide a narrative that addresses the provision **within this addendum**.

### TITLE I, PART A

#### Educator Equity

ESSA SECTION 1112(b)(2) – *Not Applicable to Charters and Single School Districts.*

Describe how the LEA will identify and address, as required under State plans as described in Section 1111(g)(1)(B), any disparities that result in low-income students and minority students being taught at higher rates than other students by ineffective, inexperienced, or out-of-field teachers.

NOTE: In this section, LEAs must identify and address disparities. Tools on the CDEs website (<https://www.cde.ca.gov/pd/ee/peat.asp>) can help with this process. LEAs are required to specifically address the following at comparable sites:

1. What # and % of teachers at sites are inexperienced, misassigned, or out-of-field in relation to:
  - a. Number of low-income students
  - b. Number of minority students
2. Does the LEA have an educator equity gap –
  - a. If yes, must create a plan which must include root cause analysis of the disparity
  - b. A plan must be created with meaningful educational partner engagement.

Educator Equity Data Tables available [here](#).

#### THIS ESSA PROVISION IS ADDRESSED BELOW:

Jamestown School District does not show a disparity among sites. Chinese Camp School has 100% of teachers who are highly qualified. Jamestown Elementary has a 72.7% of the teaching staff has met highly qualified teacher requirements. The district 19.8 total Teaching FTE with 69.7% clear credentialed, 5.1% out of field, 5.1% intern status, 10.1% ineffective, and 10.1% incomplete based on the 22-23 Teacher Assignment Monitoring Outcomes. We are a small rural school and this can create difficulties in recruitment and retainment of experienced teachers. All non-clear credentialed teachers were hired under the appropriate waivers and taking the appropriate coursework or are enrolled in a rigorous teacher preparation program. They were provided an on site mentor teacher, ongoing professional development and training, weekly collaborative PLC meetings, and frequent administrative observation and evaluation. All mentoring, training and evaluation will continue to ensure effective instructional teaching.

On November 6, 2019, the SBE approved updated definitions for “ineffective” and “out-of-field” teachers to be included in the amended California ESSA Consolidated State Plan.

## Parent and Family Engagement

ESSA SECTIONS 1112(b)(3) and 1112(b)(7)

Describe the strategy the LEA will use to implement effective parent and family engagement under Section 1116.

Jamestown School District invites and promotes parent and family engagement through a variety of methods. The parent and family engagement policy was developed through our School Site Council representing both school sites in our district and serves as the Title I Advisory Committee. School Site Council meetings are held monthly and identified on our annual activity calendar that is distributed to all parents upon enrollment. These are always open to the public and meetings follow all site council requirements and by-laws. The members are made up of parents of both school sites, a representative of our English Learner population, certificated and classified staff, and administration. The policy is given to all identified and Title I eligible along with Title I information and invitation to the annual Title I meeting. The Title I meeting informs parents about the services provided, shares the research based intervention programs used and the importance of school attendance. Parents receive a parent/student handbook that outlines information on California State Standards, curriculum and instruction, assessments, technology use agreements, as well as a Parent/School Compact at the annual Arena Registration held the week before the beginning of school. Parents annually receive a parent volunteer form to inform parents and families of volunteer opportunities and to invite them to be involved and connected to school. All of these documents are provided in both English and Spanish. Back to School Night is held before school begins, so that teachers can begin the year with clear information to parents in regard to state standards and school policies, as well as providing materials and resources to parents to support student learning at home. Numerous family events to encourage parent participation and connections are planned annually such as Family Literacy Night, movie night, family dances, drama performances and music concerts. Family Fun Nights are planned and implemented by the teaching staff. The events promote both fun for the family and an opportunity for staff to provide important information and education for parents (e.g. Understanding state testing results, how to engage and assist their child at home to improve academic achievement, Anti-bullying education, trauma informed education, etc...). All of these

events and more are included within the annual activity calendar that is distributed to parents and posted on our website. We actively collaborate with outside community agencies such as Infant Child Enrichment Services who provide parenting education and in home services, along with the local food bank. We regularly connect with our local preschools, and we house an early learning center on our campus for toddlers up to age three. Additionally, we have the Jamestown Family Resource Center on campus that helps to provide wrap around services, resources, and supports such as: health services, mental health counseling, housing, utilities support, student backpacks, and food and clothing. Our District communicates with our parent body in a variety of ways through monthly school newsletters, weekly auto-dialer messaging for upcoming events, updated website posting, PowerSchool Parent Portal for grades and assignments, teacher technology use such as Remind, classroom websites or blogs. We implement a Dual Language Immersion Program and therefore, we have an increasing Hispanic population. This requires the need for more documents to be available in Spanish which is provided by our growing bilingual staff.

To meet this requirement, LEAs must provide a description of the following:

**ESSA Section 1112(b)(3):** how the LEA will carry out its responsibilities under paragraphs (1) and (2) of Section 1111(d);

1. How the LEA will involve parents and family members at identified schools in jointly developing Comprehensive Support and Improvement plans
2. How the LEA will involve parents and family members in identified schools in jointly developing the Targeted Support and Improvement plans
3. In the absence of the identification of any schools for Comprehensive Support and Improvement (CSI) or any schools for Targeted Assistance and Intervention (TSI), the LEA may write N/A. This provision will not be reviewed.

**ESSA Section 1112(b)(7):** the strategy the LEA will use to implement effective parent and family engagement under Section 1116; shall include how the LEA and its schools will build capacity for parent and family engagement by:

1. Describe the LEA parent and family engagement policy, and how it was developed jointly with, agree on with, and distribute to, parents and family members of participating children a written parent and family engagement policy (ESSA Section 1116(a)).
2. Describe how the LEA will provide assistance to parents of children served by the school or local educational agency, as appropriate, in understanding such topics as the challenging State academic standards, State and local academic assessments, the requirements of this part, and how to monitor a child's progress and work with educators to improve the achievement of their children; (ESSA Section 1116(e)(1))
3. Describe how the LEA will provide materials and training to help parents to work with their children to improve their children's achievement, such as literacy training and using technology (including education about the harms of copyright piracy), as appropriate, to foster parental involvement; (ESSA Section 1116(e)(2))
4. Describe how the LEA will educate teachers, specialized instructional support personnel, principals, other school leaders, and other staff, with the assistance of parents, in the value and utility of contributions of parents, and in how to reach out to, communicate with, and work with parents as equal partners, implement and coordinate parent programs, and build ties between parents and the school; (ESSA Section 1116(e)(3))
5. Describe how the LEA will to the extent feasible and appropriate, coordinate and integrate parent involvement programs and activities with other Federal, State, and local programs, including public preschool programs, and conduct other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children; (ESSA Section 1116(e)(4))
6. Describe how the LEA will ensure that information related to school and parent programs, meetings, and other activities is sent to the parents of participating children in a format and, to the extent practicable, in a language the parents can understand (ESSA Section 1116(e)(5))
7. Describe how the LEA will provide such other reasonable support for parental involvement activities as parents may request (ESSA Section 1116(e)(14)).
8. Describe how the LEA will provide opportunities for the informed participation of parents and family members (including parents and family members who have limited English proficiency, parents and family members with disabilities, and parents and family members of migratory children), including providing information and school reports in a format and, to the extent practicable, in a language, such parents understand (ESSA Section 1116(f)).

Also, include how the LEA will align parent involvement required in Section 1116 with the LCAP educational partner engagement process.

**THIS ESSA PROVISION IS ADDRESSED BELOW:**

We actively seek parental input and feedback through family involvement surveys distributed annually in April and at Open House. These results are reviewed and discussed within both school leadership teams and School Site Council to direct and guide future decisions regarding parental and family involvement. Finally, a multiple opportunities are provided throughout the course of the year for LCAP input through PTO meetings, parent LCAP input meetings and School Site Council. Parents annually receive a parent volunteer form to inform parents and families of volunteer opportunities and to invite them to be involved and connected to school.

### **Schoolwide Programs, Targeted Support Programs, and Programs for Neglected or Delinquent Children**

ESSA SECTIONS 1112(b)(5) and 1112(b)(9)

Describe, in general, the nature of the programs to be conducted by the LEA's schools under sections 1114 and 1115 and, where appropriate, educational services outside such schools for children living in local institutions for neglected or delinquent children, and for neglected and delinquent children in community day school programs.

SWP: NA

TAS: We are a Targeted Assistance School, in which students are identified as Title I according to a need for remediation and support in reading/language arts. After screening and identification, students are placed into an appropriate researched-based intervention program based upon the individual student's needs. Reading intervention occurs four days a week during the school day as a pull out program. Reading intervention services are also provided after school. Progress monitoring is ongoing, and guides the intervention services and programs to be delivered.

Neglected or delinquent: NA

Describe how teachers and school leaders, in consultation with parents, administrators, paraprofessionals, and specialized instructional support personnel, in schools operating a targeted assistance school program under Section 1115, will identify the eligible children most in need of services under this part.

#### **THIS ESSA PROVISION IS ADDRESSED BELOW:**

At the beginning of each year, the Reading Specialist, our Title I teacher, in consultation with classroom teachers and administration, will screen and identify participating K-6 students using DIBELS assessments and teacher recommendation. Students in 7/8 grades are identified through state summative assessment scores, curriculum benchmark assessments and teacher recommendation. Instructional software and benchmark results such as STAR, IXL, SIPPS, Reading Eggs, Accelerated Reader and ESGI. Progress monitoring is conducted by our Title I aide for those 4-8 students using Fast Forward with regular reports forwarded to parents, teachers and administration. Ongoing communication is happening between the Title I teacher and classroom teachers regarding achievement growth and progress for K-3 students and formal reports given to administration three times a year.

### **Homeless Children and Youth Services**

ESSA SECTION 1112(b)(6)

Describe the services the LEA will provide homeless children and youths, including services provided with funds reserved under Section 1113(c)(3)(A), to support the enrollment, attendance, and success of homeless children and youths, in coordination with the services the LEA is providing under the McKinney-Vento Homeless Assistance Act (42 United States Code 11301 et seq.).

#### **THIS ESSA PROVISION IS ADDRESSED BELOW:**

Jamestown School District employs a homeless and foster youth liaison through funding from both Title I Part A and LCFF supplemental concentration funds. For our small district enrollment of 440 students, we have a relatively high homeless youth count with 9.1% of our student population identified. Our office staff and administration is trained in enrollment procedures in regard to McKinney-Vento legislation. If students are identified as McKinney-Vento, the office staff will directly notify our Homeless liaison who will reach out to the family to assist with resources and services for housing, if needed. Jamestown School District has our homeless liaison make home visits for those students who have increased truancy or chronic absenteeism and a record is kept of visits along with intervention services offered, and sits on both our School Attendance Review Team and the School Attendance Review Board. Our homeless liaison is housed at the Jamestown Family Resource Center which is located on our campus, so our families are able to receive timely service and support. We partner with local agencies such as The Center for a Non-Violent Community (CNVC) and Amador, Tuolumne community Action Agency (ATCAA) for wrap around support services such as housing assistance and/or emergency housing vouchers, utilities, food, clothes, as well as with the Tuolumne County Human Service Agency, Behavioral Health Department, for support in mental health services and Trauma Informed Practices.

**THIS ESSA PROVISION IS ADDRESSED BELOW:**

Jamestown School District staff attend quarterly meeting facilitated by Tuolumne County Superintendent of Schools with the local community college and both local high schools to discuss dual or concurrent enrollment, work experience education, and career technical education pathway development. Collaboration with our feeder high school happens annually for our 8th graders which allows staff from our school site and the high school staff, including guidance counselors, to discuss and prepare the students for a successful and effective transition to high school.

In addition, JSD has participated in a Multi-Tiered Systems of Support ( MTSS) grant over the past few years which has helped to facilitate the development of MTSS teams that implement programs and opportunities to build the teachers' capacity and meaningful teacher leadership. JSD collaborates with the Stanislaus County Office of Education, San Joaquin County Office of Education/ Teachers College, and Brandman which provides professional development for the induction program for new teachers seeking to clear their credential and the administrative mentoring program. We provide funding to help support the induction costs and fully fund any mentoring costs. JSD collaborates frequently with Tuolumne County Superintendent of Schools ( TCSOS) which provides professional development for the implementation of state standards in language arts, math, and most recently science. Additional outside contractors and participation in conferences and workshops providing professional development to all staff have been utilized to add strategies and supports in social emotional learning and trauma informed practices in order to address achievement and opportunity gaps within in student groups. An annual assessment helps the district to have objective data and information on areas of strength and improvement on the effectiveness of our initiatives, programs, policies and professional development. Weekly early release time to provide for PLC and MTSS time has been negotiated and follows the Board approved professional development plan. Professional Learning systems have developed and implemented a Universal Screening Tool database to monitor student progress in academics, attendance, and behavior. This system helps to facilitate a shared learning and collective responsibility of all staff to address student needs. All Professional Learning is aligned to our district mission and LCAP goals and objectives.
